## I. INTRODUCTION

### A. RISK FACTORS:

#### Standard Risk Factors:

- Investment in mutual fund units involves investment risks such as trading volumes, settlement risk, liquidity risk, default risk including the possible loss of principal.
- Mutual funds and securities investments are subject to market risks and there is no assurance or guarantee against loss in the Scheme or that the Scheme's objective will be achieved.
- As the price/value/interest rate of the Securities in which the Scheme invest fluctuates, the value of a Unit Holder's investment in the Scheme may go up or down.
- As with any investment in securities, the NAV of the Units can go up or down depending on various factors and forces affecting capital markets.
- Past performance of the Sponsor / AMC / Mutual Fund does not indicate the future performance of the Scheme.
- Investors in the Scheme are not being offered a guaranteed or assured rate of return.
- JPMorgan India Fixed Maturity Plan - Series 502 is the name of the Scheme, and does not in any manner indicate the quality of the Scheme or its future prospects and returns.
- The Sponsor is not responsible or liable for any loss resulting from the operation of the Scheme beyond the initial contribution of ₹ 1,00,000/- (One Lakh Rupees only) made by it towards setting up the Mutual Fund.

#### Scheme Specific Risk Factors:

##### Risk associated with investing in Bonds and Debt Securities

- The NAV of the Scheme, to the extent invested in Debt Securities, will be affected by changes in the general level of interest rates. The NAV of the Scheme would be expected to increase from a fall in interest rates while it would be adversely affected by an increase in the level of interest rates.
- Debt Securities, while fairly liquid, lack a well-developed secondary market, which may restrict the selling ability of the investment by the Scheme and may lead to the Scheme incurring losses until the Security is sold.
- The AMC may, considering the overall level of risk of the portfolio, invest in lower rated Debt Securities offering higher yields.
- The liquidity of investments made by the Scheme may be restricted by trading volumes and settlement periods. Different segments of the Indian financial markets have different settlement periods and such periods may be extended significantly by unforeseen circumstances. The Trustee has the right, in its sole discretion to limit Redemptions (including suspending Redemption) in certain circumstances [outlined in Section III-B 'Restrictions on Redemptions']. There may be temporary periods when the monies of the Scheme are un-invested and no return is earned thereon. The inability of the Scheme to make intended Securities purchases, due to settlement problems, could cause the Scheme to miss certain investment opportunities. By the same token, the inability to sell Debt Securities held in the Scheme's portfolio due to the absence of a well developed and liquid secondary market for Debt Securities could result, at times, in potential losses to the Scheme, should there be a subsequent decline in the value of the Debt Securities held in the Scheme's portfolio.
- The liquidity and valuation of a Scheme's investments due to its respective holdings of unlisted Debt Securities may be affected if they have to be sold prior to their target date of divestment.
- Debt Securities, which are not quoted on the stock exchanges, are inherently illiquid in nature and carry a larger amount of liquidity risk, in comparison to Debt Securities that are listed on the exchanges or offer other exit options to the investor, including a put option. Within the regulatory limits, the AMC may choose to invest in unlisted Debt Securities that offer attractive yields.
- While Debt Securities that are listed on a stock exchange carry lower liquidity risk, the ability to sell these investments is limited by the overall trading volume on the stock exchanges. Money Market Instruments, while fairly liquid, lacks a well-developed secondary market, which may restrict the selling ability of a Scheme and may lead to the Scheme incurring losses till the Security is finally sold.
- Debt Securities, as well as Money Market Instruments, are subject to the risk of an issuer's inability to meet interest and principal payments on its debt obligations (credit risk) and market perception of the creditworthiness of the issuer of instruments. Credit risk or default risk refers to the risk which may arise due to default on the part of the issuer of the fixed income security (i.e., the issuer will be unable to make timely principal and interest payments on the security). Because of this risk debentures are sold at a yield spread above those offered on treasury securities, which are sovereign obligations and generally considered to carry less risk. Normally, the value of a fixed income security will fluctuate depending upon the actual changes in the perceived level of credit risk as well as the actual event of default. These securities may also be subject to price volatility due to factors such as, amongst others, changes in interest rates, general level of market liquidity and market perception of the creditworthiness of the issuer (market risk). The liquidity risk refers to the ease at which a security can be sold at or near its true value. The primary measure of liquidity risk is the spread between the bid price and the offer price quoted by a dealer. Liquidity risk is characteristic of the Indian fixed income market. The AMC will endeavour to manage credit risk through in-house credit analysis. The Scheme may also, but is not obliged to, use various hedging products from time to time, as are available and permitted by SEBI, to attempt to reduce the impact of undue market volatility on a Scheme's portfolio. There is no guarantee that hedging techniques will achieve the desired result.
- The investments made by the Scheme are subject to reinvestment risk. This risk refers to the interest rate levels at which cash flows received from the Debt Securities in the Scheme are reinvested. The additional income from reinvestment is the "interest on interest" component. The risk is that the rate at which interim cash flows can be reinvested may be lower than that originally assumed. The risk refers to the fall in the rate for reinvestment of interim cash flows.
- To the extent the Scheme's investments are in floating rate debt instruments or fixed debt instruments swapped for floating rate return, they will be affected by interest rate movement (basis risk) - coupon rates on floating rate securities are reset periodically in line with the benchmark index movement. Normally, the interest rate risk inherent in a floating rate instrument is limited compared to a fixed rate instrument. Changes in the prevailing level of interest rates will likely affect the value of a Scheme's holdings until the next reset date and thus the value of the Units of such Scheme. The value of Debt Securities held by a Scheme generally will vary inversely with changes in prevailing interest rates. Scheme could be exposed to interest rate risk:

- (i) due to the time gap in the resetting of the benchmark rates, and
- (ii) to the extent the benchmark index fails to capture interest rate changes appropriately (spread risk): though the basis (i.e. benchmark) gets readjusted on a regular basis, the spread (i.e. markup) over benchmark remains constant. This can result in some volatility to the holding period return of floating rate instruments.

- **Settlement Risk (counterparty risk):** Specific floating rate assets may also be created by swapping a fixed return into a floating rate return. In such a swap, there is the risk that the counterparty (who will pay the floating rate return and receive the fixed rate return) may default;
- **Liquidity Risk:** The market for floating rate Securities is still in its evolutionary stage and therefore may render the market illiquid from time to time, in relation to such Securities that the Scheme is invested in.
- Different types of Securities in which a Scheme may invest as described in this SID carry different levels and types of risk. Accordingly a Scheme's risk may increase or decrease depending upon its investment pattern. E.g. corporate bonds carry a higher amount of risk than Government of India Securities. Further even among corporate bonds, bonds which are rated AAA are comparatively less risky than bonds which are AA rated.

#### **Risks associated with investing in Money Market Instruments**

- Investments in Money Market Instruments would involve a moderate credit risk, i.e. risk of an issuer's inability to meet the principal payments.
- Money Market Instruments may also be subject to price volatility due to factors such as changes in interest rates, general level of market liquidity and market perception of credit worthiness of the issuer of such instruments.
- The NAV of Units, to the extent that the Scheme is invested in Money Market Instruments, will be affected by changes in the level of interest rates. When interest rates in the market rise, the value of a portfolio of Money Market Instruments can be expected to decline.

#### **Risks associated with investing in Government of India Securities**

- **Market Liquidity risk with fixed rate Government of India Securities**

Even though the Government of India Securities market is more liquid compared to other debt instruments, on certain occasions, there could be difficulties in transacting in the market due to extreme volatility leading to constriction in market volumes. Also, the liquidity of the Scheme may suffer in case the relevant guidelines issued by Reserve Bank of India ("RBI") undergo any adverse changes.

- **Interest Rate risk associated with Government of India Securities**

While Government of India Securities carry minimal credit risk since they are issued by the Government of India, they do carry price risk depending upon the general level of interest rates prevailing from time to time. Generally, when interest rates rise, prices of fixed income securities fall and when interest rates decline, the prices of fixed income securities increase. The extent of fall or rise in the prices is a function of the coupon rate, days to maturity and the increase or decrease in the level of interest rates. The price-risk is not unique to Government of India Securities. It

exists for all fixed income securities. Therefore, their prices tend to be influenced more by movement in interest rates in the financial system than by changes in the government's credit rating. By contrast, in the case of corporate or institutional fixed income securities, such as bonds or debentures, prices are influenced by their respective credit standing as well as the general level of interest rates.

- **Risks associated with floating rate Government of India Securities**

Floating rate securities issued by the Government of India (coupon linked to Treasury bill benchmark or an inflation linked bond) have the least sensitivity to interest rate movements compared to other securities. Some of these securities are already in issue. These securities can play an important role in minimising interest rate risk in a portfolio.

#### **Risks associated with respect to listing and market trading of Units**

While securities that are listed on the stock exchange carry lower liquidity risk, low trading volumes, settlement periods and transfer procedures may restrict the liquidity of a Scheme's investments. Different segments of the Indian financial markets have different settlement periods, and such period may be extended significantly by unforeseen circumstances. Transacting may become difficult due to extreme volatility in the market resulting in constriction in volumes. Additionally, changes in the regulations / guidelines issued by SEBI / RBI may have an adverse impact on the liquidity of the Scheme.

Although Units will be listed on stock exchange(s), there can be no assurance that an active secondary market will develop or be maintained. Trading on the stock exchange(s) may be halted because of market conditions or for reasons that in the view of the market authorities or SEBI, trading in the Units is not advisable. In addition, trading is subject to trading halts caused by extraordinary market volatility and pursuant to stock exchange and SEBI 'circuit filter' rules. There can be no assurance that the requirements of the market necessary to maintain the listing of the Units will continue to be met or will remain unchanged.

The Units may trade at a significant discount or premium on the stock exchange(s). The trading price of the Units may therefore fluctuate in accordance with the market supply and demand for the Units on the relevant stock exchange(s) as well as be affected by changes in NAV.

In case of investments made by Non Resident Indians ("NRIs") during the NFO Period, at the time of maturity of the Scheme, Tax Deducted at Source ("TDS") will be deducted at the applicable rate. However, in respect of those NRI Unit Holders who have acquired the Units on the stock exchange, the Unit Holders would need to provide a certificate from a Chartered Accountant certifying the details of acquisition of Units to the AMC / Mutual Fund within two days from maturity of the Scheme, so as to enable the AMC / Mutual Fund to deduct TDS at the applicable rates. In the event of such details not being provided, the AMC / Mutual Fund would deduct TDS on the maturity proceeds assuming face value as the cost of acquisition.

There may be acts/omissions on the part of the stock exchange(s) resulting in the cancellation of Unit Holder's orders or the execution of orders on erroneous terms.

#### **Risks associated with close-ended schemes**

Investing in close-ended schemes is more appropriate for seasoned investors. A close-ended scheme endeavours to achieve the desired returns only at the scheduled maturity of the scheme. Hence, Unit Holders who sell their Units prior to maturity may not get the desired returns.

### Other Risks

- Investments in the Scheme made in foreign currency by a Unit Holder are subject to the risk of fluctuation in the value of Indian Rupee.

### Restrictions on Redemptions:

As outlined in Section III-B - 'Restrictions on Redemptions' the Trustee and the AMC may impose restrictions on redemptions when there are circumstances leading to a systemic crisis or event that severely constricts market liquidity or the efficient functioning of markets.

Accordingly, such restriction may affect the liquidity of the Scheme and there may be a delay in investors receiving part of their redemption proceeds.

### US Tax Withholding and Reporting under the Foreign Account Tax Compliance Act ("FATCA")

Under the FATCA provisions of the US Hiring Incentives to Restore Employment ("HIRE") Act, 30% US withholding will be levied on certain US sourced income received after June 30, 2014 (for the Scheme, principally dividends and interest paid by US corporations and institutions including the US Government) and after December 31, 2016 on the gross proceeds of sales of the US assets giving rise to that US sourced income (for the Scheme, principally equity and debt securities issued by US corporations and institutions including the US Government) unless the Scheme complies with FATCA. Under US Treasury Regulations, FATCA compliance can be achieved by entering into an Foreign Financial Institution ("FFI") agreement with the US Internal Revenue Service ("IRS") under which the scheme agrees to, among other things, certain US tax reporting with respect to the holdings of and payments to certain investors in the Scheme (such as "Specified US Person" as defined in the Treasury Regulations under FATCA, or certain non-US entities owned by certain Specified US Person(s) - please refer to "Who cannot Invest" under Section III of this SID. The Fund is domiciled in India and will be subject to a Model 1 Intergovernmental Agreement signed between India and the US ("India IGA") under which the Fund is required to comply with FATCA, as implemented through India local guidance, and report any FATCA-required information to the India government. The India IGA modifies the FATCA requirements set forth in the US Treasury Regulations but generally requires similar information to be disclosed to the India government for forwarding to the IRS. The Fund intends to comply with FATCA, is unlikely to be subject to 30% withholding tax on US sourced income paid to the Fund and is also not expected to impose FATCA withholding on any payments made to investors at least until 2017.

The Scheme currently intends to be FATCA-compliant. However, this cannot be assured given the complexity of the FATCA requirements. If a Scheme is unable to satisfy the obligations imposed on it to avoid the imposition of FATCA withholding, certain US sourced payments made to the Scheme may be subject to a 30% FATCA withholding tax, which could have adverse impact on the fund (e.g reduction in cash available for investors). Any amounts withheld under FATCA may not be refundable by the IRS. Prospective investors should consult their own advisors regarding the possible implications of FATCA on their investment in the Scheme and the information that may be required to be provided and disclosed to JPMorgan Asset Management India Private Limited, the scheme and distributors, and in certain circumstances ultimately to the IRS. The application of the FATCA withholding rules and the information that may be required to be reported and disclosed are subject to change.

Any discussion of United States federal income tax considerations set forth in this SID was written in connection with the promotion and marketing of the Units by the Scheme and JPMorgan Asset

Management India Private Limited. Such discussion is not intended or written to be tax advice to any person and is not intended or written to be used, and cannot be used, by any person for the purpose of avoiding any United States federal tax penalties that may be imposed on such person. A prospective investor should seek advice from its own tax advisor with respect to its own FATCA status and the effect of implementation of FATCA based on its particular circumstances.

### B. REQUIREMENT OF MINIMUM INVESTORS IN THE SCHEME

Scheme shall have a minimum of 20 (Twenty) investors and no single investor shall account for more than 25% of the corpus of a Scheme. These conditions will be complied with immediately after the close of the NFO Period itself i.e. at the time of allotment. In case of non-fulfillment with the condition of minimum 20 (Twenty) investors, the affected Scheme shall be wound up in accordance with Regulation 39 (2) (c) of SEBI Regulations automatically without any reference from SEBI. In case of non-fulfillment with the condition of 25% holding by a single investor on the date of allotment, the application to the extent of exposure in excess of the stipulated 25% limit would be liable to be rejected and the allotment would be effective only to the extent of 25% of the corpus collected. #### Credit Evaluation Policy

The transparent and proven fixed income investment process starts with an identification of portfolio objectives with respect to income / total return, time horizon, risk tolerance and diversification. These determine the range of permitted investments with respect to maturity, interest rate sensitivity (duration) and credit restrictions. From these inputs a portfolio strategy to best achieve the targeted risk / return is formulated. Portfolio specific inputs with respect to credit risk and liquidity in particular, enable the AMC to screen securities to select the most appropriate for inclusion in the portfolio.

The fixed income investment process combines the consistent application of a value-oriented framework with the ongoing review, monitoring and control of key portfolio characteristics. The key processes and decision factors used within these areas of emphasis are discussed in detail below.

Three key decisions drive the process.

### Economic Research

The global macroeconomic research with inputs from regional global fixed income team helps to know the global trend on inflation, growth and monetary stance of central banks across the globe.

India macroeconomic research analysis like trend in inflation, liquidity and stance of RBI, growth in deposits, credit off take, index of industrial production and others helps to form a view on interest rates.

Post the analysis of the global and local economic backdrop, implication on the interest rates is analyzed which helps in building the portfolio accordingly build the portfolio.

### Credit Research

The 'bottom-up' decision-making focuses on pure securities selection and seek to identify new opportunities consistent with the investment strategies and goals, as well as evaluating the creditworthiness of corporations already invested in to ensure they continue to meet the investment criteria.

Investment team participates in the investment process by finding the most attractive securities sourcing relative value ideas from fundamental credit analysis. Where there are differences between the investment team's assessments and that of the rating agencies, substantial value may be derived.

In addition, credit yield spreads are monitored against their historical averages. This process allows to anticipate changes in credit quality before they are priced into the market.

### Technical Analysis

In conjunction with the economic analysis with respect to duration decision, broad interest rate trends and supply & demand relationships are identified that may influence the shape of the yield curve. As part of the investment process, risk / reward posture of every maturity along the yield curve is evaluated in an effort to identify undervalued portions of the yield curve.

For a given duration target, the yield curve strategy seeks to find optimal exposures along the yield curve. Expected returns are established via scenario analysis, which incorporates yield curve shifts, the roll-down effect and time horizon.

Duration positioning for active bond income strategies is highly dependent on investment team's views of central bank activity. If the central bank is in a tightening mode (leading to higher interest rates), the portfolio may have a particularly short duration position in order to preserve capital. Likewise, if a central bank is in a steady state or easing mode, the portfolio may be longer in duration to take advantage of both falling interest rates and the roll-down effect of a positively-sloped yield curve, which generally exists in this type of environment. Similar duration positions are implemented across all portfolios within the same strategy.

Duration is adjusted periodically, typically in small increments, to enhance returns when the market is undervalued and to protect portfolio value when the market is overvalued.

### Portfolio Turnover

Portfolio turnover in the Scheme will be a function of market opportunities. Consequently it is difficult to estimate with any reasonable measure of accuracy, the likely turnover in the portfolio. The AMC will endeavour to optimize portfolio turnover to optimize risk adjusted return keeping in mind the cost associated with it. The Scheme has no explicit constraints either to maintain or limit the portfolio turnover. Portfolio turnover will depend upon the circumstances prevalent at any time and would also depend on the extent of volatility in the market and inflows / outflows in the Scheme. The AMC will however endeavour to maintain a low portfolio turnover rate. However, the AMC will take advantage of the opportunities that present themselves from time to time because of the inefficiencies in the securities markets.

### K. POSITION OF DEBT MARKETS IN INDIA

The debt market in India is well developed. The largest market consists of daily trading of the Government of India Securities which exceed Rs. 3,000/- crores (Three Thousand Crores Rupees), with instruments' tenors ranging from short dated treasury bills to long dated securities extending beyond 20 (Twenty) years. The Government of India Securities market not only provides resources to the Government of India for meeting its short term and long term needs but also acts as the benchmark for pricing corporate papers of varying maturities. The Government of India Securities market includes the dated Securities

issued by the Government of India, both central and state, and Treasury bills of all maturities.

The corporate bond market is also fast developing with greater number of corporates accessing the markets through Mumbai Inter Bank Offer Rate linked bonds, commercial paper issuances and medium to long dated fixed and floating rate bonds. The yield curve tends to be positive sloping i.e. yield of shorter dated Securities being lower than that of longer dated ones.

Also, where the investor has furnished the details of their depository accounts in the Application Form, it will be assumed that the investor has opted for allotment in electronic form and the allotment will be made only in electronic form by default.

## Dematerialization

Investors have an option to hold the Units by way of an account statement or in electronic (dematerialized) form. The option to hold the Units in dematerialized form can be exercised at the time of subscription to the Units or at a later date by converting the Units in dematerialized form. Investors opting to hold the Units in electronic form must provide their dematerialized account details in the specified section of the Application Form. Investors intending to hold the Units in electronic form are required to have a beneficiary account with a Depository Participant (registered with NSDL/CDSL as may be indicated by the Mutual Fund at the time of launch of the Scheme) and will be required to indicate in the application the Depository Participant's name, Depository Participant ID Number and the beneficiary account number of the applicant held with the Depository Participant. Applicants must ensure that the sequence of the names as mentioned in the Application Form matches with that of the beneficiary account held with the Depository Participant. Names, PAN details, KYC details etc. mentioned in the Application Form will be verified against the Depository's records. **If the details mentioned in the Application Form are found to be incomplete/incorrect or not matching with the records of the Depository Participant, the application shall be treated as application for physical (non-dematerialized) mode and accordingly Units will be allotted in physical (non-dematerialized) mode, subject to it being complete in all other aspects.**

Where investors do not provide their dematerialized account details, an account statement shall be sent to them. Such investors will not be able to trade in the stock exchange till their holdings are converted into demat form. For conversion of physical holdings into demat form, the Unit Holders will have to send the demat requests to their Depository Participants.

Units held by way of account statement cannot be transferred. Units held in dematerialized form are transferable in accordance with the provisions of the Depositories Act, 1996 and the SEBI (Depositories and Participants) Regulations, 1996 as may be amended from time to time. In case, the Unit holder desires to hold the Units in a Dematerialized/Rematerialized form at a later date, the request for conversion of the Units held in physical (non-dematerialized) mode into electronic (dematerialized) form or vice-versa should be submitted along with a dematerialized/rematerialized Request Form to their Depository Participant. Investors should ensure that the combination of names in the account statement is the same as that in the dematerialized account.

No redemption of Units shall be allowed prior to the maturity of the Scheme. Unit Holders wishing to exit may do so through the stock exchange mode.

The AMC or the Trustee may need to obtain from the investor verification of identity or such other details relating to a subscription for Units as may be required under any applicable Law, which may result in a delay in processing the application.

#### **Where can Investors submit Completed Applications**

Investors are requested to refer to the list provided on the last page of the SID and to the latest list which is available on the AMC's website ([www.jpmorganmf.com](http://www.jpmorganmf.com)) for the list of Collection Banks, ISCs and Designated Collection Centres.

ASBA applications can be submitted only at Self Certified Syndicate Bank ("SCSB") at their designated branches. List of SCSBs and their designated branches shall be displayed on the SEBI's website ([www.sebi.gov.in](http://www.sebi.gov.in)).

#### **How to Apply**

Please refer to the SAI and Application Form for the instructions.

Applications should be made in adherence to the minimum amount requirements as mentioned in paragraph A of this **Section III - Minimum amount for Application in the NFO.**

It is mandatory for every applicant to provide the name of the bank, branch, address, account type and number as per SEBI requirements and any Application Form/Transaction Slip without these details will be treated as incomplete. Such incomplete applications will be rejected. The Registrar and Transfer Agent/AMC may ask the investor to provide a blank cancelled cheque or its photocopy for the purpose of verifying the bank account number.

In order to strengthen Know Your Client ("KYC") norms and identify every participant in the securities market with their respective PAN, thereby ensuring a sound audit trail for all transactions, SEBI has mandated that PAN will be the sole identification number for all participants transacting in the securities market, irrespective of the amount of transaction.

If the investment is being made on behalf of a minor, the KYC of the minor or father or mother or the guardian who represents the minor, should be provided.

Applications received without KYC will be rejected.

For all applications, the applicant or in the case of an application in joint names, each of the applicants should mention his/her PAN allotted under the Act.

An application should be complete in all respects before it is submitted.

It will be treated as incomplete and will be liable to be rejected if:

- the PAN is not mentioned;
- any other information or documents as may be required by the AMC or the Trustee have not been submitted together with the Application Form/Transaction Slips.

KYC is mandatory for all investors making investment in mutual funds, irrespective of the amount of investment.

SEBI vide its circulars MIRSD/SE/Cir-21/2011 dated October 05, 2011, MIRSD/Cir-23/2011 dated December 02, 2011 and MIRSD/Cir-26/2011 dated December 23, 2011 had laid down a uniform KYC compliance procedure for all investors with effect from January 1, 2012. SEBI also issued KYC Registration Agency ("KRA") Regulations 2011 and the guidelines in pursuance of the said Regulations for In-Person Verification ("IPV").

**1. Requirement for the existing investors in mutual funds:**

The existing investors in mutual funds who have already complied with the KYC requirement (defined for the purpose of this SID as KYC compliant) and have the KYC compliance letter issued to them by CDSL Ventures Limited are exempt from following the new KYC procedure effective January 01, 2012, but only for the purpose of making investments with any SEBI registered mutual fund.

If, however, the KYC compliant investors would like to deal with any SEBI registered intermediary other than mutual funds, they may have to follow the new KYC compliance procedure.

**2. Requirement for the new investors in mutual funds:**

All investors other than KYC compliant investors as defined above are required to follow the new KYC compliance procedure as mentioned below while making any investment in the Scheme:

- Fill up and sign the KYC application form (for individual investors or non-individual investors as appropriate) available on the AMC's website i.e. [www.jpmorganmf.com](http://www.jpmorganmf.com) or [www.amfiindia.com](http://www.amfiindia.com) or [www.cvlindia.com](http://www.cvlindia.com)
- At the time of transacting with the Mutual Fund, submit, in person, the completed KYC application form along with all the necessary documents as mentioned in the KYC application form with any of the offices of the distributors (qualified as per the following note), Registrar and Transfer Agent of the Mutual Fund and the Mutual Fund; and
- Obtain a temporary acknowledgement for submission of all the documents and completion of In-Person Verification ("IPV");

**Note:** As per the SEBI circular MIRSD/Cir-26/2011 dated December 23, 2011, it is mandatory for SEBI registered intermediaries to carry out IPV of any investor dealing with a SEBI registered intermediary.

For investments in a mutual fund, the asset management companies, registrar and transfer agents of mutual funds and distributors which comply with the certification process of National Institute of Securities Market or Association of Mutual Funds in India and have undergone the process of "Know Your Distributors" are authorised to carry out the IPV. Unless the IPV process is completed, the investor will not be considered as KYC compliant under the KYC compliance procedure and hence will not be permitted to make any investment in the Scheme.

For investors proposing to invest in the Mutual Fund directly (i.e. without being invested through any distributor), IPV done by a scheduled commercial bank may be relied upon by the Mutual Fund. Once all the documents are verified by a KYC Registered Agency, they will send the investor a letter within 10 (ten) Business days from the date of receipt of necessary documents by them from the Mutual Fund or its Registrar and Transfer Agent informing the investor either about compliance by the investor of the new KYC compliance procedure ("final acknowledgement") or any deficiency in submission of details or documents.

On the basis of the temporary acknowledgement or the final acknowledgement the investor would be eligible to deal with any of the SEBI registered intermediaries as mentioned in the above mentioned SEBI Circulars.

In order to protect investors from frauds, it is advised that the Application Form number/folio number and name of the first investor should be written at the back of the cheque/draft, before they are handed over to any courier/messenger/distributor/ISC.

In order to protect investors from fraudulent encashment of cheques, the SEBI Regulations require that cheques for Redemption of Units specify the name of the Unit Holder and the bank name and account number where payments are to be credited. Hence, all applicants for Purchase of Units/Redemption of Units must provide a bank name, bank account number, branch address, and account type in the Application Form.

**Facilities offered:**

Investors also have an option to subscribe to Units during the NFO Period under the ASBA facility, which would entail blocking of funds in the investor's bank account, rather than transfer of funds, in accordance with the investor's authorization.

Investors applying through the ASBA facility should carefully read the applicable provisions before making their application. For further details on ASBA facility, investors are requested to refer to the SAI.

ASBA applications can be submitted only at SCSB at their designated branches. List of SCSBs and their designated branches shall be displayed on the SEBI's website ([www.sebi.gov.in](http://www.sebi.gov.in)).

In case the information is not received from the investors on or before such date, the account shall be treated as reportable account.

However, the investors enrolled under Systematic Investment Plan (SIP), Systematic Transfer Plan (STP), Dividend Sweep Facility etc. registered till October 31, 2015 will continue to be processed. ### The policy regarding reissue of redeemed Units, including the maximum extent, the manner of reissue and the entity (the Scheme or the AMC) involved in the same.

Not Applicable

### Restrictions, if any, on the right to freely retain or dispose of Units being offered for the Scheme

In conformity with the guidelines and notifications issued by SEBI/Government of India/any other Regulatory Agencies from time to time, as applicable, Units may be offered as security by way of a lien/charge in favour of banks, financial institutions, non-banking finance companies, or any other body. The Registrar and Transfer Agent will note and record the lien against such Units. A standard form for this purpose is available on request with the Registrar and Transfer Agent.

The Unit Holder will not be able to redeem/switch Units under a lien until the lien holder provides written authorisation to the AMC/Mutual Fund/Registrar and Transfer Agent that the lien is discharged. In such instance, the Unit Holder will be informed by the Registrar and Transfer Agent through an account statement. In no case will the Units be transferred from the Unit Holder to a lien holder. Dividends declared on units under lien will be paid/reinvested to the credit of the Unit Holder and not the lien holder.

The Units held in physical mode are not transferable. In view of the same, additions/deletions of names will not be allowed under any folio of a Scheme. The above provisions in respect of deletions of names will not be applicable in case of death of Unit Holder (in respect of joint holdings) as this is treated as transmission of Units and not transfer.

### Account Statements

The Account Statement shall not be construed as a proof of title and is only a computer generated statement indicating the details of transactions under the Scheme and is a non-transferable document.

The Account Statement will be issued in lieu of Unit Certificates. Normally no Unit certificates will be issued. However, if the applicant so desires, the AMC shall issue a non-transferable Unit certificate to the applicant within 30 days of the receipt of request for the certificate. Unit certificate if issued must be duly discharged by the Unit Holder(s) and surrendered alongwith the request for redemption/switch or any other transaction of Units covered therein.

#### For normal transactions:

- The AMC shall allot the Units to the applicants whose application has been accepted and also send confirmations specifying the number of Units allotted to the applicant by way of email and/or SMS's to the applicant's registered email address and/or mobile number as soon as possible but not later than 5 (Five) Business Days from the date of closure of the allotment and/or from the date of receipt of the specific request for account statement from the Unit Holders. For ongoing period, CAS for each calendar month to the Unit Holder(s) in whose folio(s) transaction(s) has/have taken place during that calendar month shall be sent on or before 10th of the succeeding calendar month. In case of any specific request for account statement received from a Unit Holder, the account statement would be sent to the Unit Holder within 5 (Five) Business Days from the receipt of such request.
- For the purpose of sending CAS, common investors across mutual funds shall be identified by their PAN.
- The CAS shall not be received by the Unit Holders for the folio(s) not updated with PAN details. The Unit Holders are therefore requested to ensure that the folio(s) are updated with their PAN.
- The statement of holding of the beneficiary account holder for Units held in dematerialized form will be sent by the respective Depository Participants periodically.

Further, the CAS detailing holdings across all schemes of all mutual funds at the end of every 6 (Six) calendar months (i.e. September/March), shall be sent by mail/e-mail on or before the 10th day of succeeding calendar month, to all such Unit Holders in whose folios no transaction has taken place during that period. The half yearly CAS will be sent by e-mail to the Unit Holders whose e-mail address is available, unless a specific request is made to receive the same in physical form.

Allotment of Units and dispatch of account statements to FIIs will be subject to RBI approval. Upon allotment of Units an account statement will be sent to each Unit Holder stating the number of Units allotted. Mutual fund units held in dematerialized account only are freely transferable, this is as per the SEBI circular no. CIR/IMD/DF/10/2010 dated August 18, 2010. All other forms of Units of the Scheme are not transferable. The Trustees may issue a Unit Certificate in lieu of the account statement in respect of the Units held to such Unit Holders who request for the same, after receipt of a specific request from the Unit Holder. The Trustees reserve the right to make the Units transferable at a later date subject to SEBI Regulations issued from time to time. In view of the same, additions/deletion of names will not be allowed under any folio of the Scheme.

The above provisions in respect of deletion of names will not be applicable in case of death of Unit Holder (in respect of joint holdings) as this is treated as transmission of Units and not transfer.

**Note:** No account statements (annual or otherwise) will be issued to investors who have opted to hold Units in electronic mode.

## Transfer of Units

On listing, the Units held in electronic form would be transferable. Transfers should be only in favour of transferees who are eligible for holding Units under the Scheme and subject to the Trustee's discretion. The Trustee/AMC shall not be bound to recognize any other transfer. For effecting the transfer of Units held in electronic form, the Unit Holders would be required to lodge delivery instructions for transfer of Units with the Depository Participant in the requisite form as may be required from time to time and the transfer will be effected in accordance with such rules/regulations as may be in force governing transfer of securities in electronic mode.

If a person becomes a holder of the Units consequent to operation of law, or upon enforcement of a pledge, the Mutual Fund will, subject to production of satisfactory evidence, effect the transfer, if the transferee is otherwise eligible to hold the Units. Similarly, in cases of transfers taking place consequent to death, insolvency or otherwise etc., the transferee's name will be recorded by the Mutual Fund subject to production of satisfactory evidence.

## Dividend

The dividends, in the case of investors who have opted for the Dividend (Payout) option shall be dispatched to the Unit Holders concerned within 30 calendar days of the date of declaration of the dividend.

## Redemption

Scheme shall be fully redeemed at the end of its tenure. The redemption cheque will be dispatched to the Unit Holders within the regulatory timeline of 10 (Ten) Business Days as prescribed by SEBI.

**Listing:** The Units will be listed on one or more recognized stock exchange(s). Buying or selling of Units by investors can therefore be effected through the secondary market on the relevant stock exchange(s) at market prices. It may please be noted that trading in the Units over these stock exchange(s) will be permitted in electronic (dematerialized) form only.

Currently, it is proposed to list the Units only on the NSE.

**Liquidity:** Being a closed end scheme, the AMC/Mutual Fund shall not repurchase the Units before the maturity of the Scheme, in accordance with the terms of the SEBI circular SEBI/IMD/CIR No. 12/147132/08 dated December 11, 2008. Investors wishing to exit may do so through stock exchange mode.

**Redemption options:** Upon maturity of the Scheme the Unit Holder shall have the following options:

- Payment by cheque to the Unit Holder
- Direct credit into the account of the Unit Holder
- Switch into any scheme of JPMorgan Mutual Fund (subject to the same being available)

The Units cannot be redeemed by the investors directly with the Mutual Fund until the maturity of the Scheme.

For further details on the schemes of JPMorgan Mutual Fund, investors are requested log on to [www.jpmorganmf.com](http://www.jpmorganmf.com) or visit the AMC's offices, as per the list provided on the last page of this SID.

### PAYMENT OF PROCEEDS

#### 1. Resident Investors

Redemption proceeds will be paid by cheques, marked "A/c. Payee only" and drawn in the name of the sole holder/first-named holder (as determined by the records of the Registrar).

The Mutual Fund will endeavour to dispatch the Redemption proceeds within 3 (Three) Business Days from the date of maturity of the Scheme; however investors should be aware that regulatory timelines currently specify 10 (Ten) Business Days.

The bank name and bank account number, as specified in the Registrar and Transfer Agent's records, will be mentioned in the cheque. The cheque will be payable at par at all the cities having ISCs. If the Unit Holder resides in any other city, he will be paid by a demand draft payable at the city of his residence and the demand draft charges shall be borne by the AMC. The proceeds may be paid by way of direct credit/NEFT/RTGS/Wired Transfer/any other manner through which the investor's bank account specified in the Registrar and Transfer Agent's records may be credited with the Redemption proceeds.

**Note:** The Trustee, at its discretion at a later date, may choose to alter or add other modes of payment.

The Redemption proceeds will be sent by courier or (if the addressee city is not serviced by the courier) by registered post. The dispatch for the purpose of delivery through the courier/postal department, as the case may be, shall be treated as delivery to the investor. The AMC/Registrar and Transfer Agent are not responsible for any delayed delivery or non-delivery or any consequences thereof, if the dispatch has been made correctly as stated in this paragraph.

## **2. NRI Investors**

For NRIs, redemption proceeds will be remitted depending upon the source of investment as follows:

### **(a) Repatriation Basis**

When Units have been purchased through remittance in foreign exchange from abroad or by cheque/draft issued from proceeds of the Unit Holder's FCNR deposit account or from funds held in the Unit Holder's NRE Rupee account kept in India, the proceeds can be remitted to the Unit Holder in foreign currency (any exchange rate fluctuation/remittance fees will be borne by the Unit Holder). The proceeds can also be sent to his Indian address for crediting to his NRE/FCNR/NRO account, if desired by the Unit Holder.

### **(b) Non Repatriation Basis**

When Units have been purchased from funds held in the Unit Holder's NRO account, the proceeds will be sent to the Unit Holder's Indian address for crediting to the Unit Holder's NRO account.

For FIIs, the designated branch of the authorized dealer may allow remittance of net sale/redemption proceeds (after payment of taxes) or credit the amount to the foreign currency account or NRE Rupee account of the FII maintained in accordance with the approval granted to it by the RBI.

The AMC/Mutual Fund/Trustee will not be liable for any delays or for any loss on account of any exchange fluctuations, while converting the rupee amount in foreign exchange in the case of transactions with NRIs/FIIs.

The AMC/Mutual Fund/Trustee may make different or other arrangements for effecting payment of Redemption proceeds in future.

**General Note** - On maturity of the Scheme, the outstanding Units shall be redeemed and the corresponding proceeds will be paid to the relevant Unit Holders whose names appear in the Statement of Beneficiary Position as may be received from the Depositories on the record date or in the records of Unit Holders concerned maintained by Registrar and Transfer Agent with respect to Unit Holders holding Units in physical form within the statutory time limit of 10 (Ten) Business Days, without any further reference from the Unit Holder, unless the Unit Holder has exercised the redemption option mentioned above.

The Mutual Fund will endeavour to dispatch the redemption proceeds within 3 (Three) Business Days from the date of maturity of the Scheme; however investors should be aware that regulatory timelines currently specify 10 (Ten) Business Days.

## **Delay in payment of Redemption / Repurchase Proceeds**

The AMC shall be liable to pay interest to the Unit Holders at such rate as may be specified by SEBI (presently @ 15% per annum) for the period of delay beyond 10 (Ten) Business Days from the date of maturity of the Scheme.

## Restrictions on Redemptions

After obtaining board approval the Trustee and the AMC may restrict redemptions in the Scheme when there are circumstances leading to a systemic crisis or event that severely constricts market liquidity or the efficient functioning of markets such as:

- (a) **Liquidity issues** – when the market at large becomes illiquid affecting almost all securities rather than any issuer specific security.
- (b) **Market failures, exchange closures** – when markets are affected by unexpected events which impact the functioning of exchanges or the regular course of transactions. Such unexpected events could also be related to political, economic, military, monetary or other emergencies.
- (c) **Operational issues** – when exceptional circumstances are caused by force majeure, unpredictable operational problems and technical failures (eg a black out).

In the event redemptions are restricted, such restriction may be imposed for a specific period of time not exceeding 10 working days in any 90 day period and the restriction on redemption shall not apply to redemption requests up to 2 lakh. Where redemption requests are above 2 lakh, the AMC shall redeem the first 2 lakh without such restriction and remaining part over and above 2 lakh shall be subject to such restriction.

As per SEBI circular no. SEBI/HO/IMD/DF2/CIR/P/2016/57 dated May 31, 2016 such restriction on redemption will be applicable to the Scheme with effect from July 1, 2016.

## Bank Account Details required for the Scheme

As per the directives issued by SEBI vide circular IIMARP/MF/CIR/071826/98 dated April 15, 1998, it is mandatory for applicants to mention their bank account numbers in their applications for purchase of Units. If the Unit Holder fails to provide the bank mandate, the request for purchase would be considered as not valid and the Mutual Fund retains the right to reject the purchase.

The Sponsor and its parent company, JPMorgan Chase & Co. are committed to complying with all applicable anti-money laundering laws and regulations in all of their operations. To ensure that the Mutual Fund is at all times compliant with all applicable anti-money laundering laws and regulations as may be applicable to them, various policies are adopted by the AMC from time to time. Should any investor fail to comply with such policies adopted by the AMC in compliance of anti-money laundering regulations, guidelines, notifications, etc issued by the regulatory authorities having jurisdictions over the JPMorgan group, the AMC / Mutual Fund / Trustee shall have absolute discretion to freeze the folios of the defaulting investor(s) and / or reject any application(s) / allotment of Units, delay or withhold processing / payout of redemptions proceeds and/or effect forced redemption of Units of a Unit Holder in non compliance of the same.

**Note 2: US Tax Withholding and Reporting under the Foreign Account Tax Compliance Act (“FATCA”)**

Under the FATCA provisions of the US Hiring Incentives to Restore Employment (“HIRE”) Act, 30% US withholding will be levied on certain US sourced income received after December 31, 2013 (for the Scheme, principally dividends and interest paid by US corporations and institutions including the US Government) and after December 31, 2016 on the gross proceeds of sales of the US assets giving rise to that US sourced income (for the Scheme, principally equity and debt securities issued by US corporations and institutions including the US Government) unless the Scheme complies with FATCA. Under US Treasury Regulations, FATCA compliance can be achieved by entering into an Foreign Financial Institution (“FFI”) agreement with the US Internal Revenue Service (“IRS”) under which the scheme agrees to, among other things, certain US tax reporting with respect to the holdings of and payments to certain investors in the Scheme (such as “Specified US Person” as defined in the Treasury Regulations under FATCA, or certain non-US entities owned by certain Specified US Person(s) - please refer to “Who cannot Invest” under Section III of this SID. The Fund is domiciled in India and will be subject to a Model 1 Intergovernmental Agreement signed between India and the US (“India IGA”) under which the Fund is required to comply with FATCA, as implemented through India local guidance, and report any FATCA-required information to the India government. The India IGA modifies the FATCA requirements set forth in the US Treasury Regulations but generally requires similar information to be disclosed to the India government for forwarding to the IRS. The Fund intends to comply with FATCA, is unlikely to be subject to 30% withholding tax on US sourced income paid to the Fund and is also not expected to impose FATCA withholding on any payments made to investors at least until 2017.

The Scheme currently intends to be FATCA-compliant. However, this cannot be assured given the complexity of the FATCA requirements. If a Scheme is unable to satisfy the obligations imposed on it to avoid the imposition of FATCA withholding, certain US sourced payments made to the Scheme may be subject to a 30% FATCA withholding tax, which could have adverse impact on the fund (e.g reduction in cash available for investors). Any amounts withheld under FATCA may not be refundable by the IRS. Prospective investors should consult their own advisors regarding the possible implications of FATCA on their investment in the Scheme and the information that may be required to be provided and disclosed to JPMorgan Asset Management India Private Limited, the scheme and distributors, and in certain circumstances ultimately to the IRS. The application of the withholding rules and the information that may be required to be reported and disclosed are subject to change.

Any discussion of United States federal income tax considerations set forth in this SID was written in connection with the promotion and marketing of the Units by the Scheme and JPMorgan Asset Management India Private Limited. Such discussion is not intended or written to be tax advice to any person and is not intended or written to be used, and cannot be used, by any

person for the purpose of avoiding any United States federal tax penalties that may be imposed on such person. A prospective investor should seek advice based from its own tax advisor, with respect to its own FATCA status and the effect of implementation of FATCA status and the effect of implementation of FATCA based on its particular circumstances.

**“The United States of America**

The Funds are passive foreign investment companies (“PFIC”) within the meaning of the US Inland Revenue Code (“IRC”), the US tax treatment to U.S. investors (directly or indirectly through their custodian or financial intermediary) under the PFIC provisions of the IRC can be disadvantageous and that the Funds are unlikely to qualify U.S. investors to either elect to mark-to-market their investment in the Funds under IRC § 1296 or elect to treat the Funds as Qualified Electing Funds under IRC §1294.”

**For further details on taxation please refer to the clause on Taxation in the SAI.**

The above is intended as a general guide only and does not necessarily describe the tax consequences for all types of investors in the Fund and no reliance, therefore, should be placed upon them. Each investor is advised to consult his or her own tax consultant with respect to the specific tax implications.

**C. COMPUTATION OF NAV**

**Calculation of NAV**

The NAV of the Scheme shall be calculated by the method shown below:

$$\text{NAV (Rs.)} = \frac{(\text{Market or fair value of the Scheme's investments + receivables + accrued income + other assets}) - (\text{accrued expenses + payables + other liabilities and provisions})}{\text{No. of Units outstanding under the Scheme}}$$

Computation of NAV, will be done after taking into account dividends paid, if any, and the distribution tax thereon, if applicable. Therefore, once dividends are distributed under the Dividend option, the NAV of the Units under the dividend option would always remain lower than the NAV of the Units issued under the Growth option. The income earned and the profits realized in respect of the Units issued under the Growth option remain invested and are reflected in the NAV of the Units.

The valuation of the Scheme’s assets and calculation of the Scheme’s NAV shall be subject to audit on an annual basis and such regulations as may be prescribed by SEBI from time to time.

The first NAV will be calculated and announced within a period of 5 (Five) Business Days after the allotment of the relevant Units. Subsequently, the AMC will calculate the NAV on each Business Day and declare the same Business Day NAV of the Scheme on every Business Day.

The NAV will be calculated up to four decimal places for the scheme.
