I. INTRODUCTION

A. RISK FACTORS:

Apart from the risk factors mentioned in SAI, following are some of the additional risk factors which investors are advised to go through before investing:

a) STANDARD RISK FACTORS:

- Investment in Mutual Fund Units involves investment risks such as trading volumes, settlement risk, liquidity risk, default risk including the possible loss of principal.
- Mutual funds and securities investments are subject to market risks and there is no assurance or guarantee against loss in the Scheme or that the Scheme's objective will be achieved.
- As the price / value / interest rates of the securities in which the Scheme invests fluctuates, the value of your investment in the Scheme may go up or down depending on various factors and forces affecting the capital markets.
- Past performance of the Sponsor/AMC/Mutual Fund does not guarantee future performance of the Scheme.
- BHARAT Bond ETF FOF - April 2033 is the only name of the Scheme & it does not in any manner indicate either the quality of the Scheme or its future prospects and returns.
- The sponsor is not responsible or liable for any loss resulting from the operation of the Scheme beyond the initial contribution of Rs.1,00,000 made by it towards setting up the Fund.
- The present Scheme is not a guaranteed or assured return Scheme.

b) SCHEME SPECIFIC RISK FACTORS:

The performance of the Scheme may be affected by changes in Government policies, general levels of interest rates and risks associated with trading volumes, liquidity and settlement systems, etc. Some of the Risks are listed below:

1. Risks Associated with Fixed Income and Money Market Instruments:

- **Interest rate risk:** Price of a fixed income instrument falls when the interest rates move up and vice- versa, which will affect the NAV accordingly.
- **Spread risk:** Investments in corporate bonds are exposed to the risk of widening of the spread between corporate bonds and gilts. Prices of corporate bonds tend to fall if this spread widens which will affect the NAV of the Scheme accordingly.
- **Credit risk or default risk:** Credit risk is the risk that the issuer of a debenture/ bond or a money market instrument may default on interest &/or principal payment obligations.
- **Liquidity Risk:** The Risk of non execution of sale/purchase order due to low volumes is liquidity risk.
- **Reinvestment risk:** Interest rates may vary from time to time. The rate at which intermediate cash flows are reinvested may differ from the original interest rates on the security, which can affect the total earnings from the security.
- **Performance Risk:** Performance of the Scheme may be impacted with changes in factors, which affect the capital market and in particular the debt market.
- **Market risk:** Lower rated or unrated securities are more likely to react to developments affecting the market as they tend to be more sensitive to changes in economic conditions than higher rated securities.

2. Risk Factors associated with Underlying Scheme i.e. BHARAT Bond ETF – April 2033:

i. Lack of Vibrant Secondary Market for Units of BHARAT Bond ETF – April 2033:

Although the Units of BHARAT Bond ETF – April 2033 will be listed on the Stock Exchanges such as NSE and BSE, there can be no assurance that an vibrant secondary market for units of BHARAT Bond ETF – April 2033 will be developed or maintained by the Market Makers.

ii. Halting of Trading in Units of BHARAT Bond ETF – April 2033:

Trading in the Units of BHARAT Bond ETF – April 2033 on NSE and BSE may be halted because of market conditions or for reasons that in view of NSE, BSE, SEBI or any other Regulatory authorities, trading in the units of the BHARAT Bond ETF – April 2033 is not advisable.

In addition, trading of the BHARAT Bond ETF – April 2033 are subject to trading halts caused by extraordinary market volatility and pursuant to stock exchange and SEBI 'circuit filter' rules.

There can be no assurance that the requirements of NSE and BSE necessary to maintain the listing of the Units of the BHARAT Bond ETF – April 2033 will continue to be met or will remain unchanged.

iii. Lack of secondary market depth:

In case of unit creation and unit redemption in BHARAT Bond ETF – April 2033. BHARAT, Bond ETF – April 2033 will have to either buy a basket of securities or sell a basket of securities. This requires an active secondary market for underlying securities at all points of time. A lack of depth in secondary market for underlying securities could hamper the efficient transaction in unit creation and unit redemption.

iv. Units of BHARAT Bond ETF – April 2033 may trade at prices other than NAV:

Depending on the demand-supply dynamic, the of BHARAT Bond ETF – April 2033 may either trade on the Stock Exchange above or below its NAV. This may give rise to arbitrage opportunities. However, the in-built mechanisms of unit creation and unit redemption in the form of Cash or in-kind is designed to reduce the arbitrage opportunity for market participants.

v. Regulatory Risk:

Any changes in Regulations by SEBI / RBI / Stock Exchange / GOI / and other decision makers may hamper the ability of the market participants in trading to arbitrage resulting into wider premium/discount to NAV.

vi. Asset Class Risk:

The returns from the types of Securities in which BHARAT Bond ETF – April 2033 invests may under-perform returns of general Securities markets or different asset classes. Different types of securities tend to go through cycles of out-performance and under-performance in comparison of Securities markets.

vii. Risk of Investment Strategy

As units of BHARAT Bond ETF – April 2033 would be primarily investing in the Bonds of CPSE/CPSU/CPFI or any other eligible entities, any government policy which will have an impact on central public sector enterprises, including any change in the disinvestment policy of the government, could impact the price of the underlying assets. This may have negative impact on the performance of the Scheme.

viii. Risk of Credit Rating changes

It is understood that most of the CPSEs securities' higher credit rating is due to government ownership and implied government support. Any potential change in government control, shareholding pattern, market perception, corporate action etc., could result in potential downgrade of credit rating of the Issuers. This may have negative impact on the performance of BHARAT Bond ETF – April 2033.

ix. Risk of Investment in eligible securities

The Scheme objective of BHARAT Bond ETF – April 2033 is to invest in CPSEs securities as defined in the Index. BHARAT Bond ETF – April 2033 will invest in the securities predominantly through private placement route. These securities are generally auctioned on Electronic Bidding Platforms (EBP) in anonymous manner through competitive bidding. It is quite possible that the BHARAT Bond ETF – April 2033 may not be able to subscribe to these securities in sufficient quantities. This may result in sub-optimal asset allocation until the next bidding takes place.

x. Risk of variation in asset allocation as compared to the Index

BHARAT Bond ETF – April 2033 intends to accept “in-kind” unit creation request from investors. The criteria for securities eligible for “in-kind” subscription has been defined in this document. It is possible that the “in-kind” subscription may result in variation in asset allocation as compared to the Index asset allocation.

xi. Risk of sovereign rating change

The valuation of the CPSEs securities is based on the shape of the sovereign bond yield curve. The level of sovereign bonds are, apart from other factors, dependent on the sovereign rating of India by global Credit Rating Agencies. Any potential change in India's sovereign credit rating may have direct impact on the levels of sovereign bonds which in turn may have impact on the CPSEs securities.

xii. Risk of higher supply of CPSEs securities

There has been a sharp decline in the issuance of bonds of AAA-rated CPSE issuers since the onset of the pandemic. At the same time, the demand for high-quality CPSE issuers have remained robust. This has resulted in tightening of credit spread of AAA-rated CPSE issuers. Normalization in the CPSE issuances to the pre-pandemic level may cause credit spreads to widen at some point. This may result in decline in the value of underlying CPSE bonds.

xiii. Lack of supply of eligible securities with desired maturity

The target maturity bond ETF structure has a pre-defined maturity date. This necessitate investment in eligible securities maturing within 3 months before the maturity date of the Scheme. Any decline in potential supply of eligible securities maturing within 3 months before the maturity date of BHARAT Bond ETF – April 2033 may expose the Scheme to the reinvestment risk or investing in lower yielding T-bills / TREPS in the maturing year of the BHARAT Bond ETF – April 2033. This may be detrimental to the investor interest.

xiv. Increase in supply of Tax-free bonds from CPSEs Issuers

The target maturity bond ETF structure is designed to provide investor with long-term fixed income asset allocation to high qualities CPSEs with better tax-adjusted returns in the current interest rate environment. Any potential increase in supply of Tax-free bonds from CPSEs issuer may adversely impact the demand and future growth of BHARAT Bond ETF – April 2033.

xv. Risk of divergence in credit rating of BHARAT Bond ETF – April 2033 and the Index

BHARAT Bond ETF – April 2033 intends to invest in AAA rated CPSEs entities. Any potential credit rating downgrade will necessitate the Scheme to sell bonds of downgraded CPSEs entities at market level and invest in new AAA rated CPSEs entities. This exercise is dependent on the secondary market liquidity in affected CPSEs entities. In case if the BHARAT Bond ETF – April 2033 is unable to liquidate these bonds in the open market, this will result in divergence in the credit rating composition between the BHARAT Bond ETF – April 2033 and the Index.

xvi. Risk of disinvestment / privatization of invested CPSE entities

The GOI has recently made several announcements regarding their intentions to either disinvest full or part of their holdings in several CPSE entities. In case if a CPSE entity, which is part of the portfolio, is privatized, it will result in exclusion from the Index. The Scheme will also be required to exit their positions at the prevailing market levels and reinvest the proceeds in CPSE entities at prevailing market levels. This may result in untoward volatility and undesirable outcome.

xvii. Risk of valuation due to freak trades

A freak trade takes place when the price of a stock or any security hits an unanticipated high or low for a moment due to an erroneous trade and then returns to the former level. Freak trade can occur due to

- Fat Finger Trades
- Algos placing continuous orders because of errors in the system using Algo Trading Software
- Possibility of stop-loss market orders triggering at a certain point
- Technical glitch at the stock exchange.

Once the buyer / seller puts in a wrong price, the system would look for the next traded price to execute your market order. Due to the freak trade, the trade price would go high and the market order would get placed at a significant loss / profit

3. Risks associated with investing in Tri Party Repo through CCIL (TREPS):

Risk of exposure in the Triparty Repo settlement Segment provided by CCIL emanates mainly on two counts-

- a. Risk of failure by a lender to meet its obligations to make funds available or by a borrower to accept funds by providing adequate security at the settlement of the original trade of lending and borrowing under Triparty Repo transaction.
- b. Risk of default by a borrower in repayment.

For details, please refer SAI.

B. REQUIREMENT OF MINIMUM INVESTORS IN THE SCHEME

The Scheme shall have a minimum of 20 investors and no single investor shall account for more than 25% of the corpus of the Scheme. If either/both of such limit(s) is breached during the NFO of the Scheme, it shall be ensured that within a period of three months or the end of the succeeding calendar quarter from the close of the NFO of the Scheme, whichever is earlier, the Scheme complies with these two conditions. During the ongoing offer these two conditions shall be complied with on calendar quarter basis, on an average basis, as specified by SEBI. In case the Scheme does not have a minimum of 20 investors in the stipulated period, the provisions of Regulation 39(2) (c) of the SEBI (MF) Regulations would become applicable automatically without any reference from SEBI and accordingly the Scheme shall be wound up and the Units would be redeemed at applicable NAV. If there is a breach of the 25% limit by any investor over the quarter, a rebalancing period of one month would be allowed and thereafter the investor who is in breach of the rule shall be given 15 days notice to redeem his exposure over the 25 % limit. Failure on the part of the said investor to redeem his

exposure over the 25 % limit within the aforesaid 15 days would lead to automatic redemption by the Mutual Fund on the Applicable Net Asset Value on the 15th day of the notice period. The Mutual Fund shall adhere to the requirements prescribed by SEBI from time to time in this regard.

In order to track the investor's holding rather than the folio/account's holdings, the fund houses are recommended to track the investors at the master folio/ master account (whatever be the terminology used by the fund houses) level. In addition since there is a possibility of an investor holding multiple accounts, the account is identified for the purpose of aggregation to comply with 20/25 rule by using a common parameter like PAN. Thus, tracking of investor's holding & number of investors may be conducted using a common parameter like PAN, Master Folio/Master Account, since there is possibility of an investor holding multiple accounts. In line with AMFI's suggestion, tracking of investor's holding & number of investors may be conducted using a common parameter like PAN, master folio/master account, since there is possibility of an investor holding multiple accounts. In case of multiple folios, the sequence or the order of the compulsory redemption is left to the discretion of the fund house in consultation with the investor.

C. SPECIAL CONSIDERATIONS

The Sponsor is not responsible or liable for any loss resulting from the operation of the Scheme beyond the initial contribution of Rs.1,00,000/- (Rupees One Lakh) collectively made by them towards setting up the Fund or such other accretions and additions to the initial corpus set up by the Sponsor.

Neither this Document nor the Units have been registered in any other jurisdiction other than India. The distribution of Units /this Document in certain jurisdictions may be restricted or totally prohibited and accordingly, persons who come into possession of this Document are required to inform themselves about, and to observe, any such restrictions.

The AMC can invest in any of the Schemes of Edelweiss Mutual Fund subject to the limits as prescribed by the SEBI Regulations and in such case it will not be entitled to charge any fees on such investments. The Sponsor, entities managed or sponsored by the affiliates or associates of the Sponsor, Funds managed/ advised by the Sponsor/and their associated entities, the Asset Management Company, the Custodian, the Registrar, any Associate, any Distributor, Dealer, any Company, Corporate Bodies, Trusts, any Service Provider, investor (resident or non resident), any Scheme / Mutual Fund managed by the Asset Management Company or by any other asset management company may invest in this Scheme, subject to the limits specified by SEBI. While at all times the Trustee Company and the Asset Management Company will endeavor that excessive holding of Units in the Scheme among a few Unit holders is avoided, however, the funds invested by these aforesaid persons may acquire a substantial portion of the Scheme's outstanding Units and collectively may constitute a majority unit holder in the Scheme. Redemption of Units held by such persons may have an adverse impact on the value of the Units of the Scheme because of the timing of any such redemption. It may also have impact on the liquidity of the Scheme, which may lead to an adverse impact on the NAV of the Scheme.

J. INVESTMENT RESTRICTIONS

The investment policy of the Scheme complies with the rules, regulations and guidelines laid out in SEBI (Mutual Funds) Regulations, 1996. As per the Regulations, specifically the Seventh Schedule, the following investment limitations are currently applicable:

1. Transfer of investments from one scheme to another scheme in the same Mutual Fund shall be allowed only if:

- Such transfers are done at the prevailing market price for quoted instruments on spot basis (spot basis shall have the same meaning as specified by a Stock Exchange for spot transactions); and
- The securities so transferred shall be in conformity with the investment objective of the Scheme to which such transfer has been made.

2. The Scheme shall buy and sell securities on the basis of deliveries and shall in all cases of purchases, take delivery of relevant securities and in all cases of sale, deliver the securities:

Provided further that sale of government security already contracted for purchase shall be permitted in accordance with the guidelines issued by the Reserve Bank of India in this regard.

3. The Fund shall get the securities purchased or transferred in the name of the Fund on account of the concerned Scheme, wherever investments are intended to be of a long-term nature.

4. The Scheme shall not make any investment in:

- a) Any unlisted security of an associate or group company of the Sponsor; or
- b) Any security issued by way of private placement by an associate or group company of the Sponsor; or
- c) The listed securities of group companies of the Sponsor, which is in excess of 25% of the net assets of the Scheme of the Fund. Considering the type of the Scheme, the same would be applicable to the residual portion of the indicative asset allocation; i.e. 0% to 5%, and hence shall be restricted to 5% of the net assets of the Scheme of the Fund.

5. The Scheme shall not make any investment in any fund of funds Scheme.

6. No loans for any purpose shall be advanced by the Scheme.

7. The Scheme will comply with any other regulations applicable to the investments of Mutual Funds from time to time.

8. A fund of funds scheme shall not invest its assets other than in schemes of mutual funds, except to the extent of funds required for meeting the liquidity requirements for the purpose of repurchases or redemptions, as disclosed in the Scheme Information Document.

These investment restrictions shall be applicable at the time of investment. Changes, if any, do not have to be effected merely because, owing to appreciations or depreciations in value, or by reason of the receipt of any rights, bonuses or benefits in the nature of capital or of any Schemes of arrangement or for amalgamation, reconstruction or exchange, or at any repayment or redemption or other reason outside the control of the Fund, any such limits would thereby be breached. If these limits are exceeded for reasons beyond its control, AMC shall as soon as possible take appropriate corrective action, taking into account the interests of the Unit holders.

In addition, certain investment parameters may be adopted internally by AMC, and amended from time to time, to ensure appropriate diversification / security for the Fund. The Trustee Company / AMC may alter these above stated limitations from time to time, and also to the extent the SEBI (Mutual Funds) Regulations, 1996 change, so as to permit the Scheme to make its investments in the full spectrum of permitted investments for Mutual Funds to achieve its investment objective. As such all investments of the Scheme will be made in accordance with SEBI (Mutual Funds) Regulations, 1996.

K. SCHEME PERFORMANCE

This Scheme is a new scheme. Hence not available

L. INVESTMENT OF SUBSCRIPTION MONEY

Pending deployment in securities as per the investment objectives of the Scheme and also taking into consideration the current SEBI Regulations, the Fund may invest subscription money received from the investors in bank deposits, or money market instruments before finalisation of the allotment of Units. The AMC, on being satisfied of the receipt of the minimum subscription amount, can commence investment out of the funds received in accordance with the investment objectives of the Scheme and as per the existing

Regulations, on or after the closure of the NFO period. The income earned out of such investments would be merged with the corpus of the Scheme on completion of the allotment of the Units.

M. INDIAN DEBT MARKETS - PILLARS OF THE INDIAN ECONOMY

India's bond market has witnessed a rapid growth in the last five years. The aggregate Face Value of bonds was Rs. 183 trillion (\$2.30 trillion) as on June 2022 according to data from RBI, SEBI and CCIL.

India's bond market comprises mainly of sovereign bonds, corporate bonds, and money market assets. Sovereign bonds comprised 70%; corporate bonds were 21% while money market assets comprised 9% of the aggregate Face Value of bonds as of June 2022.

Sovereign bonds are issued by the Government of India & Indian States to finance their budget deficits. The budget deficit is generally announced in the Union Budget for the next financial year. It is widely followed by the market participants for their analysis on the government finances. It forms the basis for India's monetary policy and demand-supply dynamic in the secondary market.

The Government of India typically funds a significant portion of its budget deficit by auctioning government bonds on weekly basis. The auction calendar is made public in advance. For last few years, the government has made conscious efforts to auction bonds with residual maturity greater than ten years to lengthen its maturity profile. The government also auctions Treasury Bills on weekly basis to finance their short-term cash flow mismatches. The government's Treasury Bill auction calendar is also available for market participants in advance. The government auctions 91-day, 182-day, 364-day treasury bills on every Wednesday. Indian states also borrow in the bond market by auctioning State Development Loans (SDL) on every Tuesdays. These bonds are mostly purchased by Banks, Insurance companies as well as other market participants due to their sovereign nature, superior secondary market liquidity and statutory holding requirements by the regulators.

Indian corporate entities as well as Public Financial Institutions typically borrow wholesale money from the debt capital market. Primary supply of corporate bonds has been steadily increasing in the last three years in proportion to the increase in the demand for quality assets from mutual funds, insurance companies, foreign portfolio investors and pension funds.

As on June 30, 2022, size of the Indian government bond market is around 83 trillion, which is distributed amongst 98 unique issues. As compared to that India's corporate bond market is more fragmented. The total corporate bond market size is around Rs. 40 trillion, which is distributed amongst ~29,750 unique issues.

In case, the correct code is not received within 30 calendar days, the AMC shall reprocess the transaction under Direct Plan from the date of application without any exit load.

Each Plan under the Scheme offers a choice of two options:

- (a) Growth Option
- (b) IDCW Option
 - IDCW Payout
 - IDCW Reinvestment

(a) Growth Option: No IDCW will be declared under this Option. Income / profits received / earned on the Scheme's corpus would be accumulated by the Fund as capital accretion & will remain invested in the Scheme and will be reflected in the Net Asset Value (NAV). Unit holders who opt for this Option will not receive any IDCW in normal circumstances.

(b) IDCW Option (Payout Facility): Under this Option, IDCW will be declared subject to the availability of distributable surplus as computed in accordance with SEBI Regulations. IDCWs, if declared, will be paid (subject to deduction of dividend distribution tax and statutory levy, if any) to those Unit holders, whose names appear in the register of Unit holders on the notified record date. AMC reserves the right to change the record date from time to time. However, it must be distinctly understood that actual declaration of IDCWs and frequency thereof is at the discretion of Board of Trustees. There is no assurance or guarantee to Unit holders as to the rate of IDCW distribution nor that the IDCWs will be declared regularly, though it is the intention of the Mutual Fund to make regular IDCW distribution under the IDCW Option. On payments of IDCWs, the NAV will stand reduced by the amount of IDCW paid and the dividend distribution tax, if applicable.

(c) IDCW Option (Reinvestment): Unit holders opting for IDCW option may choose to reinvest the IDCWs to be received by them. Under this facility the IDCW due and payable to the Unit holders will be compulsorily and without any further act by the Unit holders, reinvested in the IDCW option at a price based on the prevailing Net Asset Value per Unit on the

	<p>record date. The Units for the purpose of re-investment will be created and credited to the Unit holder's account at a price based on the prevailing Ex-IDCW Net Asset Value (NAV derived post declaration of IDCW) per unit on the record date. There shall, however, be no load on the IDCWs so reinvested. In case the selected date for IDCW declaration falls on a holiday/non-Business Day then the next Business Day will be considered.</p> <p>Default Option: Growth Option</p> <p>If the investor does not clearly specify the choice of Option at the time of investing, the Units of the Scheme will be allotted in the Growth Option of the Scheme.</p> <p>Default IDCW Facility: IDCW Reinvestment</p> <p>If the investor selects IDCW Option but fails to mention the facility, it will be deemed that the investor has opted for IDCW Reinvestment facility.</p>
IDCW Policy	<ul style="list-style-type: none"> • IDCW Distribution Procedure: <p>SEBI Circular lays down the procedure for Declaration of IDCW which clearly says that quantum of IDCW and record date shall be fixed by the Board of Trustees and AMC shall issue a notice to the public communicating the decision about IDCW including the record date, within one calendar day of the decision made by the Board of Trustees in their meeting.</p> <p>Record date shall be the date that will be considered for the purpose of determining the eligibility of investors whose name appears on the register of Unit holders. Record date shall be five calendar days from the issue of notice.</p> <p>The Trusteeship Company reserves the right to declare IDCW on a regular basis. The Fund does not guarantee or assure declaration or payment of IDCW. Although the Trustees have intention to declare IDCW under IDCW Option, such declaration of IDCW if any, is subject to Scheme's performance & the availability & adequacy of distributable surplus in the Scheme at the time of declaration of such IDCW.</p> <p>Investors should note that, when the Mutual Fund declares a IDCW under the Scheme, the dividend payments shall be dispatched within 15 days from the record date. The requirement of giving notice & the above laid procedure shall not be compulsory for Scheme/plan/option having frequency of IDCW distribution from daily upto monthly IDCW.</p> <p>Further, investors are requested to note that the amounts can be distributed out of the investors capital (Equilization Reserve), which is part of sales price that represents realized gains.</p> <ul style="list-style-type: none"> • Effect of IDCWs: <p>When IDCWs are declared and paid under the Scheme, the net assets</p>

	<p>attributable to Unit holders in the IDCW Option will stand reduced by the IDCW amount subject to dividend distribution tax and statutory levy if any. The NAV of the Unit holders in the Growth Option will remain unaffected by the payment of IDCW.</p> <p>Even though the asset portfolio will be un-segregated, the NAVs of the Growth Option and IDCW Option will be distinctly different after declaration of the first IDCW to the extent of distributed income, tax and statutory levy paid thereon, where applicable, and expenses relating to the distribution of IDCWs.</p> <p>• Mode of Payment of IDCWs: The Scheme proposes to pay IDCW by Direct Credit or through RTGS or NEFT or any other EFT means.</p> <p>RBI offers the facility of EFT for facilitating better customer service by direct credit of IDCW amount to a Unit holder's bank account through electronic credit which avoids loss of IDCW in transit or fraudulent encashment. The Mutual Fund will endeavour to offer this facility for payment of IDCW/repurchase proceeds to the Unit holders residing in any of the cities where such a Bank facility is available.</p> <p>The Fund is arranging with selected bankers to enable direct credits into the bank accounts of the investors at these banks. If an investor has an account with a bank with which the Fund will tie up for direct credit, the IDCW amount will be credited directly to the bank account, under intimation to the Unit holder by email/SMS/post. The Mutual Fund, on a best effort basis, and after scrutinising the names of the banks where Unit holders have their accounts, will enable direct credit/RTGS/NEFT/ to the Unit holders' bank accounts.</p> <p>While the preferred mode of payment is through EFT route, the AMC may in the interest of the investor decide to pay IDCW by any other means i.e. at par cheques and demand drafts, where the EFT facility is not available in a particular city or Bank.</p> <p>All the IDCW payments shall be in accordance and compliance with SEBI Regulations, as amended from time to time.</p> <p>If Unit holders have opted for IDCW Payout Option, if the IDCW amount payable to such Unit holders (net of tax deducted at source, wherever applicable) is less than or equal to Rs. 250, following treatment shall be:</p> <ol style="list-style-type: none"> Where the option to payout IDCW is available in electronic mode: The IDCW amount shall be paid to the Unit holders. However, if the payment through electronic mode is unsuccessful, the AMC shall issue IDCW warrant for such amount; and Where the option to payout IDCW is not available in electronic mode: The AMC shall issue IDCW warrant for such amount.
